

CHECK OUT INNOVATION IN ACTION

Attend a Destination Imagination (DI) tournament and witness creativity, engineering, acting, and problem solving by local students. Students will present their creative solutions to a number of mind-bending Challenges in the fields of STEM (science, technology, engineering and mathematics), fine arts, and service learning. Parents, educators, and students are encouraged to attend a tournament to discover everything Destination Imagination has to offer.

- Each year, more than 150,000 students across the U.S. and in 30-plus countries participate in DI tournaments.
- Elementary, middle, high school, and university level teams spend weeks perfecting their Challenge solutions.
- The event is open to the public, and visitors and media are encouraged to attend.

Come support our area's children and schools, and treat yourself to an emerging view of 21st century education—one that has creativity, teamwork, and innovation at its core!
